City Taxis

The base fare for taxis in Ningbo is ¥8 for the first 3 km and each time extra ¥1 for another 0.5 km. After 11:00 pm, this increases to ¥8.80 for the first 3 km and extra ¥1 for another 0.3 km. There is a ¥1 fuel surcharge as well. It will cost you about ¥40 – 50 to most hotels downtown from the Ningbo Int'l Airport. Always enter a taxi from the passenger side. Both doors on the driver's side will not open. Around 5:00 pm – 6:00 pm every evening, the daytime taxi drivers finish work and the evening taxi drivers begin. It is difficult to get a taxi at this time, because the daytime drivers do not want to drive more passengers.

P.S.: If you are flying from Hong Kong, you can logon at <http://www.hongkongairport.com/flightinfo/eng/chkfltdep.html>, and choose Ningbo as the destination, then you can easily check how many flights there are to take you to Ningbo right from Hong Kong. Or you can just call the Hong Kong International Airport at 00852 2181 8888.
